Client Testimonies

We have been referring clients to Mersatech for [four] years and every time they knock the savings out of the park! I love seeing my clients' reactions when we show them the savings and like knowing an honest provider in the merchant service industry.

-Marlin Barlow, Barlow & Associates

I've been with MersaTech for about 13 years now and they are not only the most professional, lowest cost credit card processing company and app developer that I have ever used, they are also the fastest company to correct any issues that I have ever had. I would highly recommend them for any credit card processing or app development you may need.

-Grayson Bailey, Owner/Agent Bail-Ey Bail Bonds

Excellent company and employees. Hanna and Mario were there anytime I had questions. The machine I used was user friendly and worked well in my firework stand. I highly recommend this company. Thank y'all and Southern Belle Fireworks will be using your machines every holiday.
